Today was a busy day! In the morning, I met my friend Carlos at the bus stop. We went to the university together and had class with Professor Gómez. During lunch, I ate a delicious sandwich and drank some juice at the cafeteria. In the afternoon, I studied in the library and read a book about motivation. I felt a lot of energy and happiness because I finished all my homework early. Tomorrow will be a great day if I can spend time with my family and relax at home.
